PROFESSIONAL SUMMARY

Frontend Developer with 1+ years of experience in React.js and React Native, focused on building user-friendly, real-world web and mobile applications. I specialize in performance optimization, having reduced load times by around 30% in a key project using lazy loading, memoization, and code splitting. Proficient in Tailwind CSS, Ant Design, Redux Toolkit, and API integration. Focused on writing clean, scalable code and collaborating effectively with cross-functional teams to deliver consistent, high-quality user experiences.

WORK EXPERIENCE

Nubiznez Private Limited ,Coimbatore Tamilnadu

June 2024 - Present

Front-End Developer

Built and maintained customer-facing web and mobile apps using React.js and React Native. Developed **internal admin tools and dashboards** to manage bookings, users, and analytics. Optimized app performance using lazy loading, code splitting, and memoization, **reducing load times by around 30%**.

Solartis Technology Services ,Coimbatore Tamilnadu

Dec 2022 - Jun 2023

Quality Analyst

Reviewed and validated insurance documents for U.S. clients. Assisted in preparing summary reports and client documentation. Collaborated with the operations team to ensure timely delivery and reporting.

PROJECTS

TheBusStand.com – Bus Booking Platform (Web)

Technologies: React.js || Tailwind CSS || JavaScript || Firebase

Developed the **full ticket booking flow with real-time seat availability**. Designed a clean, responsive UI using Tailwind CSS, ensuring seamless experience across devices. Integrated Razorpay for secure online payments. Implemented user authentication and session management using Firebase.

TheBusStand – CRM Admin Panel (Web)

Technologies: React.js || Tailwind CSS || JavaScript || Firebase

Built a **modular dashboard** with React.js to manage bookings, users, payments, and system analytics. Integrated APIs to dynamically render real-time operational data and booking insights. Implemented **role-based access controls**, responsive layouts (desktop/tablet), and clean admin UX.

TheBusStand – Bus Booking App (Mobile)

Technologies: React Native || JavaScript || Css || Firebase

Built the core mobile booking features with optimized performance and real-time seat sync. Utilized Redux for state management and applied performance optimizations like lazy loading, code splitting, and memoization. Ensured **cross-device compatibility** and smooth navigation across the app. Integrated **Firebase for authentication** and Razorpay for mobile-friendly payments.

EDUCATION

KG College of Arts and Science

2019 - 2022

Bachelor of Computer Applications - **CGPA - 7.7**

TECHINICAL SKILLS

- React js
- React Native
- Java Script
- Html
- Css
- Tailwind Css
